Thank you, Professor, by the way, I have another question about Design Project question 2. I finished the code, and another error is occurred. main.o: main.c:121: find_u_using_TDMA: Assertion `b[row]!=0.0' failed. SEGMENTATION FAULT RVAL 6 Completed. Why this happening?

This means you set up your coefficients wrongly and, therefore, the Gaussian elimination can not be performed. Look into your a, b, and c coefficients: there is a bug there.
