Please select all time slots that are convenient for you before Wednesday Oct 17 at 16:30. Based on your votes, we will make a decision on when to schedule the midterm exam on Wednesday. The midterm exam includes the material covered in Assignments #1 to #3 only. Note that if the midterm is scheduled on Oct 31, Assignment #3 will be due on Oct 29. Otherwise, Assignment #3 will be due on Oct 31. If a popular option is impossible for you, let us know below and explain why.

Professor, I'm sorry but I can't take an exam on SAT 4th NOV hence 30th-anniversary of the department of Aerospace engineering event will be held on that day. I have to participate in it because I'm a student president of Aerospace Engineering. I think there will be more students who have to participate in that event as well. Thank you.

Sorry for mistyping. It's 3rd NOV, not 4th.

Comment by Prof. Parent

OK, no problem. Everyone, please take note that we will not schedule the midterm on November 3rd (saturday). Please select another day.

Professor, I couldn't take the Midterm at Nov. 2 3rd(Fri Sat). There's a Field Investigation in 판문점; ROTC hosts the investigation for two days. Also I have to participate the meeting at Seoul as a representative of PNU ROTC at Nov.4th(Sun). This schedule was decided two months ago. I couldn't change it. Thank you.

Make sure that you understand why you lost some points in the Quizzes and improve your solutions accordingly. This is critical to get a good score in the midterm.
