Computational Aerodynamics — AERO Server

Click on the following link, add the extension to Chrome, and launch it:

https://chrome.google.com/webstore/detail/vnc%C2%AE-viewer-for-google-ch/iabmpiboiopbgfabjmgeedhcmjenhbla?hl=en

Address: 164.125.59.109:5900

ID: PNU student ID (9 digits)

Password: email address you provided on overbrace.com/bernardparent

Note: the AERO server can not be accessed from home because of the firewall — you need to be on the PNU network to access it. If you wish to install Linux on your home computer, refer to my guide on installing Linux on Windows with VMWare:
